EDUCATION

ECOLE POLYTECHNIQUE DE MONTREAL   January 2022 – December 2025
Bachelor's in software engineering (B. Eng.)   (Montreal, Canada)

Ecole Supérieure en Sciences et Technologies de l'Informatique et du Numérique (ESTIN)   December 2020 – December 2021
software engineering (B. Eng.)   (Bejaia, Algeria)

WORK EXPERIENCE

GARDAWORLD, *security Agent*   June 2022 – June 2023

- I held a position as a security guard overseeing multiple events. During these surveillances, I worked in a team with my colleagues to ensure the safety of the events, which provided me with a deep understanding of teamwork.

BeaverTails, *Cashier*   July 2023 – October 2023

- Taking the cash register and fulfilling clients orders.
- Preparing and serving beavertails to clients.

PROJECTS / ACTIVITIES

Personal Portfolio   November 2023 - November 2023

- My personal portfolio project is a sleek and responsive website that highlights my skills and achievements as a front-end developer, providing a visually appealing showcase of my work.

Line-Following robot   September 2022 – December 2022

- I've built a line-following robot that had to run through an obstacle course, using C and C++.

Doctor Management Web Application   *November 2023 – December 2023*

- I've developed a full-stack web application leveraging Angular, Node.js, Express, and PostgreSQL for efficient doctor management in hospitals. Users can easily view, add, edit, and delete doctor records, streamlining data upkeep.

SKILLS

- **Hard skills:** Angular, HTML/CSS, Bootstrap, Node.js, PostgreSQL, MongoDB, Typescript, C/C++, Python, Java, Git, GitHub.
- **Soft skills:** Teamwork, Communication, Adaptability, Problem-Solving, Listening
- **Interests:** calisthenics, Kickboxing, hiking, photography.
